INFERCOA

AN EXCLUSIVE CUPA STONE
PRODUCT EXTRACTED DIRECTLY
FROM OUR QUARRY

INFERCOA is a unique black toned slate with a characteristic riven and natural appearance. Highly versatile, our INFERCOA slate can be used for any kind of interior or exterior applications. Unmatched resistance and natural elegance make INFERCOA the perfect choice for any project.

RESISTANT

- Endures harsh weather conditions: hail, ice, etc.
- A riven surface ensures a high slip resistance.
- Suitable for stone road paving.

VERSATILE

- Wide range of formats and cut to size pieces available.
- Suitable for any kind of interior or exterior application.
- Common uses: flooring, paving, facades and posts.
- other uses: Road paving, fountains, columns, monoliths, stone paths, etc.

ELEGANT

- Unique black toned natural slate with grey shades.
- Rugged traditional natural slate appearance.

INFERCOA, **LONG - LASTING**

INFERCOA is featured for its resistance to any test. This natural stone can endure the most adverse weather conditions (hailstorms, low temperatures, ice) its

high anti slip coefficient makes it an ideal product for pavements and roads (big formats and wide pavements can be placed directly on the floor).

INFERCOA, **CREATES ENVIRONMENTS**

INFERCOA offers a wide range of formats which can be used in a variety of applications, for example: our posts can be placed horizontally and vertically to either create beautiful paths or strong long lasting fences, our slabs are ideal for decorating fa-

ades and walls, our tiles are able to blend in any project, and our Japanese steps will add a touch of serenity to any garden. This unique and beautiful slate offers multiple possibilities that will adapt to any type of environment.
