 Product Sheet 1

BBA – UNITED KINGDOM

CSTB – FRANCE

DIBT – GERMANY

CUPASTONE WALL PANELS

STONEPANEL AND STONEPANEL SKY

This Agrément Certificate Product Sheet⁽¹⁾ relates to Stonepanel and Stonepanel Sky, natural stone panels for use as a decorative cladding, which are suitable for indoor and outdoor use on new or existing buildings when attached to solid walls of masonry or concrete.

(1) Hereinafter referred to as 'Certificate'.

CERTIFICATION INCLUDES:

- factors relating to compliance with Building Regulations where applicable
- factors relating to additional non-regulatory information where applicable
- independently verified technical specification
- assessment criteria and technical investigations
- design considerations
- installation guidance
- regular surveillance of production
- formal three-yearly review.

KEY FACTORS ASSESSED

Strength and stability — the panels have sufficient strength to resist the negative and positive wind pressures likely to be experienced in the UK and have good impact resistance (see section 6).

Behaviour in relation to fire — a construction incorporating the panels achieved an A2-s1, d0 reaction to fire classification to NF EN 13501-1 : 2013 and their panels use may be restricted in some cases (see section 7).

Air and water penetration — the panels are not watertight but will restrict the ingress of rainwater to the supporting structure (see section 8).

Durability — the panels have a design life in excess of 30 years (see section 10).

The BBA has awarded this Certificate to the company named above for the products described herein. These products have been assessed by the BBA as being fit for their intended use provided they are installed, used and maintained as set out in this Certificate.

On behalf of the British Board of Agrément

Date of First issue: 30 July 2021

Hardy Giesler
 Chief Executive Officer

The BBA is a UKAS accredited certification body – Number 113.
 The schedule of the current scope of accreditation for product certification is available in pdf format via the UKAS link on the BBA website at www.bbacerts.co.uk
 Readers MUST check the validity and latest issue number of this Agrément Certificate by either referring to the BBA website or contacting the BBA directly.
